In a continuing effort to keep our Customer database as accurate as possible, the Board of Directors (BOD) of the Thompsonstown Municipal Authority (TMA) is requesting each new homeowner update and return the information requested below. This information will ensure that the quarterly invoices are being sent to the correct address, that TMA has a way to reach you in case of water/sewer issues that may affect you and info needed for our quarterly reports to DEP. Also we would like an updated list of your tenants and number in each apartment. We are currently billing for the total amount of water & sewer is used for all tenants. If you prefer we can charge you total amount of water & sewer divided by the number of apartments. Please let me know which you prefer. If you have any questions, please give me a call so I can answer them immediately.
